Related Courses: Program Design & Implementation I and II, Discrete Structures, Business Statistics, Financial Accounting & Reporting, Microeconomics/Macroeconomics, Marketing, Calculus I, Profit Analysis for Managers

Computer Knowledge

Languages: JavaScript, TypeScript, Python, HTML/CSS

Frameworks & Libraries: Next.js, React, Svelte, Astro, TailwindCSS, Bootstrap, WXT

Tools & Platforms: Git, GitHub, Turborepo, Vercel, uv (Python), Claude Code, Codex, GitHub Copilot, Figma

Databases: Firebase/Firestore

Projects

ArenaSwap | Developer | *WXT, TypeScript, Turborepo, Bootstrap, Sass, SWR*

Mar 2026 - Present

- Built a cross-browser extension (Chrome, Edge, Firefox), designed in Figma, that displays scores and automatically switches the active tab to whichever live sports game is most exciting in the moment
- Designed PowerScore, a TypeScript scoring algorithm ranking live games on score differential, time remaining, scoring runs, and league-specific signals, isolated as a standalone Turborepo package from the WXT extension shell

(de)Motivator | Developer | *Svelte, TypeScript, Firebase, Turborepo*

Apr 2021 - Present

- Collaborated with the project's creator to maintain a multi-platform side project: web app, PWA build, and Firebase-backed account system tracking user-level interaction counts
- Structured the project across a Turborepo monorepo of web, mobile, and shared engine packages, logging 2,500+ tracked interactions

Experience

Sponsorship & Fundraising Head | *Northeastern Electric Racing, Boston, MA*

Jun 2026 - Present

- Lead the Sponsorship and Fundraising subteams (20 members) for a 400+ student Formula SAE Electric team, managing outreach strategy and day-to-day team operations
- Identify prospective partners and direct inquiry campaigns, contacting ~100 companies per semester and building relationships with Rivian, Tesla, Shield AI, and other engineering and EV industry players
- Oversee fundraising initiatives alongside corporate sponsorship efforts, securing \$44,000 across 21 partnerships to support the team's full competition season

Admissions Ambassador | *Northeastern University, Admissions, Boston, MA*

Jan 2026 - Present

- Conduct 2-3 campus tours per week for high school students, transfer applicants, and families
- Present the co-op program, experiential learning model, and combined major experience firsthand

Freelance Web Developer | *Self-Employed, Remote*

Sep 2024 - Present

- Design and deploy responsive web applications for 3 clients using React, Next.js, Astro, and Svelte, managing full project lifecycles from consultation through deployment on Vercel and Netlify
- Built mission-driven sites including The Book Nook Project and Tritons Swim

Head Lifeguard | *Larchmont Swim Club, Mt. Laurel, NJ*

Apr 2026 - Sep 2026 (Seasonal)

- Oversaw daily operations for 1,400+ guests across a private facility with five pools; managed scheduling for 60+ staff and served as primary liaison between facility management and front-line staff
- Onboarded and trained 8 junior lifeguards on safety protocols and emergency response; oversaw pool chemistry and sanitation compliance across all five pools

Assistant Coach | *Larchmont Barracudas, Mt. Laurel, NJ*

Jun 2026 - Aug 2026 (Seasonal)

- Coached 150 swimmers ages 4–18 on stroke mechanics, endurance, and race preparation
- Advanced from competitive swimmer to coach after 4 seasons of pre-team instruction

Interests

Swimming, biking, gardening, cooking, roller coaster enthusiast (56 ridden to date)
